LEARNING THROUGH WONDER, EXPRESSION & EXPLORATION

A Reggio Emilia – Inspired Preschool
for Nursery, Junior & Senior Kindergarten

“HOLISTIC LEARNING. GLOBAL PERSPECTIVE”

OUR PHILOSOPHY

At our preschool, we believe that every child is competent, capable, and full of potential. Learning here is not rushed or forced - it unfolds naturally through exploration, relationships, and meaningful experiences.

Children are encouraged to ask questions, express ideas, collaborate, and construct knowledge in ways that are joyful and deeply personal.

We view learning as a journey - one that is co-created by children, educators, families, and the environment.

WE SEE CHILDREN AS

**Strong
Thinkers**

**Curious
Researchers**

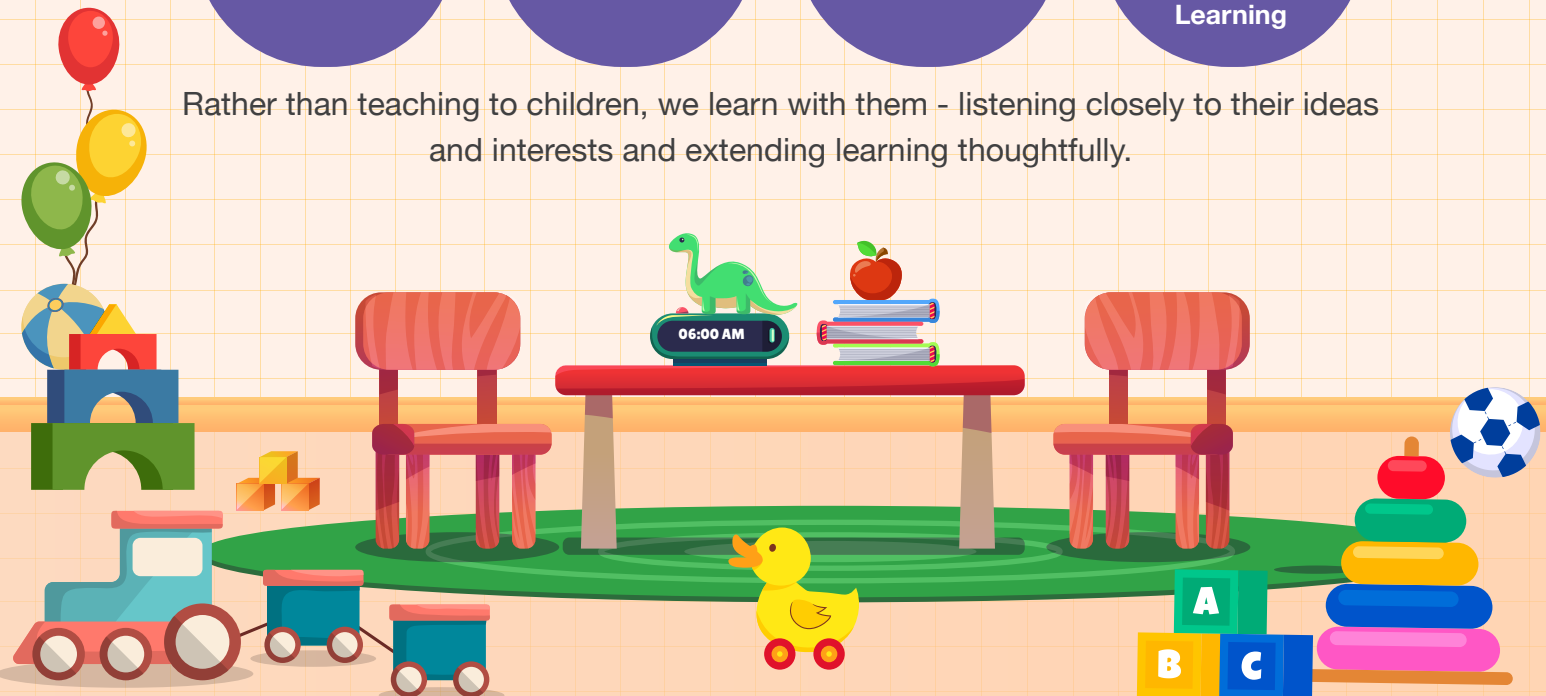

**Creative
Communicators**

**Active
Participants
in their Own
Learning**

Rather than teaching to children, we learn with them - listening closely to their ideas and interests and extending learning thoughtfully.

THE HUNDRED LANGUAGES OF CHILDREN

CHILDREN EXPRESS THEMSELVES IN MANY WAYS
NOT JUST THROUGH WORDS.

AT OUR SCHOOL, CHILDREN EXPLORE IDEAS THROUGH:
